

CHAPTER 11

PROGRAM REPORTING AND EVALUATION

A. POLICY

Timely and accurate reporting on the status of acquisition workforce positions and personnel is an integral part-of effective ACMP implementation. Evaluations of DoD Component ACMP implementation and compliance shall include the timeliness and accuracy of DoD Component reports.

B. MANAGEMENT INFORMATION SYSTEM SUPPORT

The DMDC shall provide those periodic quarterly and annual reports and lists needed by the DACM to ensure compliance with Pub. L. No. 101-510, Title XII, and DoD Instruction 5000.55 (references (a) and (f)).

C. PROGRAM EVALUATION

The Deputy DACM shall develop and implement a schedule of ACMP evaluations for FYs 1993 and 1994. Those evaluations shall include such matters as regulatory compliance, consistency of waiver practices, workforce awareness, execution of delegated authorities, and management information system accuracy. The findings and recommendations of those evaluations shall be made available to the Heads of the DoD Components whose organizations were subject to review. An annual summary of evaluation activity, with conclusions and recommendations shall be provided to the ACPB. The Deputy DACM shall consult with the DoD Components about the scheduling and scope of those reviews in which the designated POCs for the DoD Components shall participate. All DoD Components shall cooperate fully in the conduct of those evaluations.
